Maces is an ISO 9001:2000 certified manufacturing plant since 2004, located in Gebeng, Pahang. It has gained good market hold for both the downstream and upstream sectors of the oil and gas industry, with its expertise. Its international expansion into Sudan and Vietnam has earned Maces the Best Contractor-Services for 2006 from PETRONAS Gas Berhad, and a placement under PETRONAS' Vendor Development Program in the Restricted Category for Production Chemicals since 2007. In the water treatment sector, Maces' customer base has extended into various other industries to include light and medium industries, paper, automotive and petrochemical industries.

49) BUILTECH PROJECT MANAGEMENT SDN BHD

Builtech Project Management Sdn Bhd (Builtech) is a construction and project management company. Builtech starting as a sole proprietor in 1996, and became a private limited company in 2000. Builtech is certified under ISO 9001 since 2004, and OHSAS 18001 for its management systems since 2005. It is now working towards adopting the ISO 14001 management system. The company is currently diversifying its business portfolio to include project management for high end projects, with greater emphasis on service integrity, precision of workmanship and quality. To this end, Builtech has equipped its team with advanced technical knowledge, skills, and cost control plus operational management.

50) UNION VECTOR TECHNOLOGIES SDN BHD

Union Vector Technologies Sdn Bhd (Union Vector) since its inception in 2004 has grown to become one of the forefront providers for Mobile Messaging services to an ever growing global consumer base. Union Vector provides mobile operators, messaging companies, integrators and end-users with easy tools to send and receive voice, sms and fax messages through a single unified interface. With two new offices in Singapore and Sydney, Australia which opened in 2008, Union Vector is well on its way to a well planned expansion across different markets to capitalize on the growing mobile market.
